PROJECT EXPERIENCE

Hidalgo — (hidalgo.herokuapp.com)

A Fullstack ecommerce project. Implemented user signup and login using Passport. Created database using PSQl and node postgres. Frontend implemented with React, React-router v6, and Axios. Allows CRUD operations for Admin users.

Reddtile — (reddtile.netlify.app)

Frontend clone of Reddit that queries Reddit JSON API for data. Designed and implemented frontend using React. Users can click through images and comments, search for posts, and see a list of top subreddits.

Ashland Lindy Swing Society — (Ashlandlindyswingsociety.com)

Static website built for Lindy Swing Society of Ashland, OR. Custom HTML and CSS.
